Dear Mr Collier

Please read the enclosed data over and tell me if you can give me Joseph Collier's father? I have so much Collier data and will be glad to give you Joseph Collier's will if you wish it in your files - I sent you the will of Silas Collier.

I have worked very hard on this line - I want it for my grandson - All of the Collier family & every body else I know are just able to hold our noses out of the water - figuratively speaking - This depression is nothing new for me - I will be very grateful indeed if you have the father of Joseph Collier and will let me have it - I have to work or go batty - thinking of financial losses -

Sincerely yours

Mrs J. H. Cannon
